

NIH Roadmap Program
6th Steering Committee Meeting of Roadmap Clinical Research Investigators

Building Collaboration for Clinical Research Networks
May 9-10, 2007

Action Items:

- 1) All combined group publications should be sent and vetted to the Communications WG (Dr. Williams, Chair)
- 2) Individual publications should go to the NIH PO and CO 45 days prior to journal submission
- 3) The Communications WG will work developing an operational policy for review policy of group publications to send out to the Roadmap Investigators
- 4) Dr. Williams needs input from all the Contracts in developing the group publication paper on overall network lessons learned and accomplishments ASAP
- 5) Drs. Peterson, Williams, Green will work on a draft manuscript from this Collaboration Meeting. Input from all is welcome.
- 6) The HSP WG to prepare a group manuscript for JAMA on IRB streamlining. This will need to be sent to the Communications WG and the PO.
- 7) The Interoperability WG will draft a publication on interoperability that will also need to go both the Communications WG and PO.
- 8) FDA welcomes input regarding the Sentinel Network. Contact Dr. Jeff Shuren.
- 9) Next Roadmap Steering Committee Meeting may be the last. The focus of the last meeting will be on deliverables and accomplishments, and lessons learned.
- 10) Next Meeting date will soon be determined to include the majority of the funded Contractors.
